Clean City Green City

Municipal Corporation, Amritsar

Publication of E-newsletter

Sh. Bakshi Ram Arora,
Hon'ble Mayor,
Municipal Corporation, Amritsar.

Mrs. Sonali Giri, I.A.S.
Commissioner,
Municipal Corporation, Amritsar.

Releasing of monthly E-news letter is an endeavour of the Municipal Corporation, Amritsar to make the people of Amritsar City aware about the activities being undertaken by it. It will increase their familiarity with the administration of the Municipal Corporation, Amritsar.

Activities of Municipal Corporation, Amritsar during the month of September, 2016 and in the coming near future.

I) CIVIL ENGINEERING DEPTT. :-

SMART CITY:-

- Amritsar City was the first place out of 27 Cities in the Second Round of Smart City under the scheme of GoI vide meeting dated 20.09.2016. It has been selected through Desk Research, Analysis, meetings with public representatives, prominent Citizens and citizen's engagement (Senior Citizen's, disabled people, women, children and youth among others).

FEATURES OF SMART CITY:–

- **Transport and Mobility:-** Road Development, No Vehicle Zone with Smart Parking, pedestrian friendly roads, last mile connectivity with e-rickshaw, carts and cycle sharing system.
- **Assured Electricity Supply:-** Provision of 24 X 7 power supply with 10% from renewable energy source, micro grid monitoring with smart consumer meters. Overhead cables of power and telecommunication along main roads to be taken underground will help in improving the street scape of walled city Area.
- **Water Supply, Waste Water and Sanitation:**– 24 X 7 water supply system with SCADA, 100% smart metering, re-use of recycled waste water and channelized storm water drainage.
- **Solid Waste Management:-** 100% collection and segregation, smart garbage bins, mechanical sweeping, economical transpiration and scientific disposal of waste.
- **Open space & Visible Improvement:-** Reinventing available hierarchy of urban green spaces and circular road as attractive public spaces, by transforming them into recreational areas whereas larger parks (Sakatri

and Goal Bagh) into themed cultural destinations. Creating public squares and refurbishment of peripheral wall of Walled City.

- **E-Governance and Citizen Services:-** Smart Mobile app for citizens for all Municipal Services. Cameras with fully equipped operations control rooms for walled city area. Mobile based exploratory app for ease of tourists.
- **Piped Gas Network:-** Maximum reach to every end user for domestic, commercial and industrial use in Amritsar City, strategically aligned to energize India's Natural Gas vision.
- **Intelligent Solid Waste Management:-** Intelligent solid waste Management will be an ICT enabled system. Intelligent solutions will improve collection, transportation, landfill management and waste to energy processing.
