Clean City Green City

Green cities have clean air and water and pleasant streets and parks. Green cities are resilient in the face of natural disasters and the risk of major infectious disease outbreaks in such cities is low. Green cities also encourage green behaviour, such as the use of public transit, and their ecological impact are relatively small.

HEALTH DEPARTMENT

In the month of July, 2018 Municipal Corporation, Amritsar organized a special Sanitation drive to clean surrounding areas near Bus stand, railway station & Durgiana Temple, and Challans were done in regard of Public Nuisance Act U/s. 323 and for Plastic Carry Bags.

Annual report on Solid Waste management was sent to Punjab Pollution Control Board and an application for the renewal of site authorization for the dumping site at Bhagtawala was also sent to Punjab Pollution Control Board.

Dr. Navjot Kaur took the charge of Medical officer of Health Municipal Corporation Amritsar on temporary basis until new MOH will not appoint.

Municipal Corporation Amritsar organized a special training program in Bachat Bhawan in regard of City star rating, Ld. Deputy Commissioner S. Kamaljeet Singh Sangha was chief guest and director Solid waste management cell, PMIDC, Dr. Puran Singh was chief training instructor for this training program. Representatives of all the ULBs falling under the Deputy Director Amritsar region were present in this training program.

Compliance report was submitted in Honorable Punjab and Haryana High Court for the case filed by NGO Amritsar Pollution Committee.

Municipal Corporation, Amritsar organized training program in regard of Food safety and hygiene, on various locations of the city through Multimedia Bus.

Municipal Corporation, Amritsar declared the city as open defecation free (ODF) city and certification and self declaration was taken by each school and each student in this regard and after that final resolution was send to the PMIDC.

Plastic carry bags were totally banned and in this regard training programs were organized on various locations of the city to aware the people about the harms of the plastic carry bags, and force provisions against the use of the plastic carry bags were also made, like challans etc.

LAND DEPARTMENT

The Land department of Municipal Corporation, Amritsar has constituted two teams under the supervision of inspectors for the removal of temporary encroachments from foot paths and roads. Other than dealing with the complaints received in the department, these teams remove temporary encroachments in the different parts of the city. Removal of encroachments is an ongoing process and is being under taken on daily basis.

Other than this Enforcement Monitoring Committees have been constituted which conduct weekly meetings and are regularly removing permanent encroachments in different parts of the city at regular intervals.

Also, shopkeepers in the markets are being regularly requested through public address systems to keep their merchandise/goods within their shops/premises and not to display them on roads/footpaths. Other than regular removal of temporary encroachments from roads and footpaths from different parts of the city, major anti encroachments drives were carried out by the sub-enforcement committee's at Bus Stand, Near Jallianwala Bagh, Sultanwind Road & Chattiwind Gate. Also Land Department collected around Rs. 5.20 Lacs against Rent of shops and Rs. 5.32 Lacs against Tehbazari during the month.

BUS STAND, NEAR JALLIANWALA BAGH, SULTANWIND ROAD & CHATTIWIND GATE

AMRUT SCHEME

The Ministry of Housing and Urban Affairs has approved State Annual Action Plans for all 36 States and Union Territories of Rs.77.640 crore, which include Central Assistance of Rs. 35,900 crore. Detailed Project Reports have been approved for projects worth Rs. 71,996 crore (92.73%). Out of these, 662 projects amounting to Rs. 863 crore have been completed, contracts have been awarded for 2,720 projects costing Rs. 46,268 crore and are at various stages of implementation, for 844 projects costing Rs. 15,195 crore tenders have been invited and tenders are being issued for 508 projects costing Rs 9,671 crore.

In the last three years, the Mission has come a long way. Various States and UTs have shown substantial progress in implementing the Mission. In order to encourage the states and UTs the Ministry has devised a comprehensive system to award ranks to them based on progress achieved in approving DPRs awarding contracts, completion of projects, submission of Utilization Certificates and implementation of reforms. The Punjab has come on 32 number in ranking. Punjab has been given incentive of Rs. 15 crore for 2017-18 AMRUT reforms which is a great achievement.
